

# CREED

*We believe in God, Creator of an unfinished world*

*Who does not decree an eternal plan of development  
in which we cannot participate.*

*We believe in God, who has not divided people into  
poor and rich,  
specialists and the ignorant,  
owners and slaves.*

*We believe in Jesus Christ, who saw the world situation and who took a stand in it.*

*Taking Jesus as my example,  
I see the precaution with which we must organize,  
the extent to which our intelligence is wasted,  
our imagination impoverished,  
and our efforts neutralized.*

*Each day I fear that Jesus may have died in vain  
because we do not live as he lived.*

*We believe in Jesus Christ,  
who rises for our life*

*so that we may be liberated  
from prejudices and presumptions of fear and hate,*

*so that we may transform the world into  
the Kingdom of God.*

***We believe in the Spirit  
who came with Jesus into the world.***

*We believe in the community of all peoples  
And in our responsibility for making of our world  
either a place of misery, hunger and violence  
or the City of God.*

*We believe that it is possible to build a just peace.*

*We believe that a life full of meaning is possible for all  
and in the future of this world of God.*

*Amen.*
